

## Newhaven Middle East

“Newhaven is dedicated to providing both individual and corporate clients with personal, pragmatic and cost-effective solutions.”

### Who we are

- Decades of experience
- Global Reach across all major jurisdictions
- Managed by a team with international qualifications in law, accountancy, banking, and trust and estate planning

We would be delighted to discuss your needs and work out the most effective solution to your requirements. Our Dubai office is headed by Hayden Mollard, who has been working between London and The Middle East for the last four years and now lives in Dubai permanently. Having worked for one of the world's largest off-shore law firms specializing in off-shore trusts and corporate structuring Hayden and the team is on hand to answer any questions you may have.

Newhaven Middle East is the newest addition to the Newhaven Group with an office strategically located in the vibrant international finance centre of Dubai. Given the growing economies in the Middle East, we felt it a logical step forwards to seek to establish a presence in the region and to provide a platform through which to offer our preeminent corporate and fiduciary services.

The Newhaven Group, formed in 1992 and currently head-quartered in the British Virgin Islands, has seven offices around the globe in major on-shore, mid-shore and off-shore jurisdictions: BVI, Guernsey, London, Dubai, Mauritius Hong Kong and New Zealand. We pride ourselves on being the trusted partner for private clients and corporate intermediaries seeking to establish fiduciary and corporate structures for a multitude of purposes including inter-generational transfer of wealth and cross-jurisdictional enterprises.

We have a particular expertise in assisting entrepreneurs and SMEs with corporate vehicles in over 60 jurisdictions worldwide. We also work with a number of listed companies in the provision of corporate and secretarial services.

In Dubai we help our clients (both international and local) establish and maintain UAE entities including UAE offshore companies, free-zone operating companies and UAE onshore operating companies.

We believe our greatest strength is the combination of our independence coupled with our experience and expertise with cross-border planning. We have a suitably renowned network of professional advisers offering complex structuring advice to help you and your clients to preserve, protect and enhance your wealth.

# Newhaven Middle East
